

TO: All Fresh Express/Elder Share/CSFP participants
RE: Fresh Express Delivery Changes
FROM: Luminest Staff
DATE: April 9, 2020

Luminest has again been working with Central PA Food Bank to plan for the monthly food distribution. Our next distribution date is Tuesday, April 28th. For this distribution, Central PA Food Bank will prepare a box for each person who participated in the previous distribution event.

On April 28th Luminest staff will deliver your food (and boxes) to your door. The Valley Terrace Community Center will not be open, so please do not come to the Center. During this precautionary time, we are working to make sure our staff and residents are safe so we are asking you not to leave your apartments.

This is the best and safest way we can provide the food to you for this month's delivery. **This will remain the distribution process until the Governor's stay at home orders are updated.**

For interested residents not currently signed up for the Fresh Express program, please email Lydia Frech: lfrech@luminest.org *Limited quantities available

If you are unable to use what food is provided please share with family, neighbors, etc. Using all precautionary measures. Please stay safe and continue to practice social isolation, hand sanitizing, and avoid direct contact with anyone who may be ill.
